

A scatter plot showing the relationship between Time (X-axis, 0 to 1,000,000) and Value (Y-axis, 0 to 100). The plot displays data points for nine individuals: Vinnie (blue), Remy (orange), Ruby (green), Rhianna (red), Valentina (purple), Vladimir (brown), Adam (pink), Amelia (grey), and Raj (yellow). The data points are clustered into several groups, showing a general upward trend in Value over Time. The legend is located in the top-left corner of the plot area.
